WORK EXPERIENCE

Webbrains Technologies Pvt. Ltd., JR. Mern Stack Developer

05/2025 – Present | Vadodara

- Built scalable and responsive web applications using technical skills gained during internship.
- Consistently met project deadlines through effective time management in fast-paced environments.
- Acquired practical DevOps knowledge and successfully deployed frontend and backend applications.

Webbrains Technology Pvt. Ltd., Intern

01/2025 – 04/2025 | Vadodara

- Learned to build RESTful APIs for smooth frontend–backend communication. Worked with 3 interns to fix 20+ issues, debug code, and improve app functionality.

PROJECTS

IP TUTORIALS

05/2025 – 11/2025

- Built a comprehensive student management system supporting 600+ students, handling attendance, exams, results, and various academic activities efficiently.
- Added a real-time chat enabling instant communication among 30+ teachers, 20+ admins, and the super admin.
- Designed and implemented robust controller logic, 10+ detailed models, and custom middleware to provide secure authentication and strong role-based access control for 5 user roles.

Chat Application

- Developed a real-time messaging platform using Socket.io supporting 10000+ active users.
- Integrated socket.io with Redis Adapter to manage large-scale concurrent
- Designed a fully responsive UI with theme customization, boosting user engagement by 40%. Optimized performance for instant message delivery and zero latency.

Bed Allocation System

- Designed and developed a hospital resource management system serving 100+ patients seamlessly.
- Enabled real-time bed tracking and allocation. Integrated datatables.net for dynamic patient listing with instant search, sort, and pagination.
- Built an optimized backend ensuring fast load times and zero buffering.

Clothify

- Built a full-featured MERN e-commerce app handling 500+ daily users. Designed an intuitive admin panel managing 1,000+ products and orders.
- Integrated Stripe payment gateway for secure, seamless transactions

PROFILE

Passionate Full-Stack Developer

with expertise in the **MERN Stack** and a growing proficiency in **Cloud-Native technologies** like **Docker** and **Kubernetes**. Experienced in building scalable, user-centric web applications and optimizing deployment workflows through **containerization**. Committed to delivering high-performance code and collaborating in agile, innovative environments to solve complex technical challenges.

SKILLS

- HTML, CSS, Tailwind CSS
- JavaScript, TypeScript
- React.js, Next.js, Redux-Toolkit, Redux
- Node.js, Express.js, MongoDB
- Docker & Docker-Hub
- Kubernetes Basics (K8S)
- Git, GitHub
- Debugging and Troubleshooting
- Collaborative and Teamwork

EDUCATION

Government Engineering College, B.E. - Computer Engineering

08/2021 – 05/2025 | Gandhinagar

- CGPA - 7.87

Parth School of Sci. and Comp., HSC - Science Stream

03/2020 – 05/2021 | Vadodara

- 89.69%

Alembic Vidyalaya, Secondary School Certificate

04/2018 – 03/2019

- 92.5%
